Here are your
contraceptive
benefit ID cards.

Your Express Scripts Prescription Contraceptive Benefit

Your employer has certified that your group health plan qualifies for a religious accommodation and will not provide coverage for some or all contraceptive benefits. As a result, Express Scripts will make payments for the prescription contraceptive benefits not covered by your plan. (See the enclosed notice for additional information.)

These cards can be used by you or any eligible female member of your household to obtain the prescription contraceptives not covered by your plan. Please note that these cards should be used only for the prescription contraceptive benefits not covered by your plan. You should continue to use your main member ID card for all other prescription drug needs.

Have a question about a prescription? Call us. Our pharmacists are available 24/7 to help you and will work with you and your doctors to help safeguard your health.

Worry-free home delivery pharmacy services from Express Scripts

- Free standard delivery right to your home
- Receive up to a 90-Day supply of contraceptives, when applicable
- Order refills by phone, online or with our mobile app
- Automatically receive refill reminders by email or on our mobile app

Note: If your doctor prescribes a medication that is not on the Express Scripts preferred list, yet an alternative preferred drug exists, we may contact your doctor to ask whether that medication would be appropriate for you. You'll usually pay less for a preferred drug.

For complete details about your prescription contraceptive benefit or to transfer a retail prescription to home delivery, visit Express-Scripts.com or call us at the number on your new ID card.
